

Lab - Zeppelin Notebooks - Tutorial

Note: If you have Skills Network Labs open in a tab already, continue using that tab. Otherwise, click on "**Open Tool**" button below to launch **Zeppelin Notebooks**.

Exercise 7 - Explore a Zeppelin tutorial on the Welcome page

1. On the main Zeppelin page, click on one of the available tutorials. You can open either the "Tutorial for Scala" or "Tutorial for Python". If you don't see the main Zeppelin page and you have Zeppelin open already on Skills Network Labs, click on the Zeppelin logo in the top-left corner to go to the main Zeppelin page.

Passed 100%

This course uses a third-party tool, Lab - Zeppelin Notebooks - Tutorial, to enhance your learning experience. The tool will reference basic information like your name, email, and Coursera ID.
